SUITABLE
FOR
BENEFICIALS
AND ORGANIC
FARMING

Essen'ciel is a broad-spectrum crop protection product whose active ingredient is "60 g/l Orange Oil" and is "extremely" effective against diseases and pests in many crops.

With its contact and rapid effect mechanism, it blocks the tracheal channels of insects, prevents breathing, dries the outer waxy structure and joints, destroys their wings and causes death.

Crop	Pest	Rate
PEAR	Pear psyllid (<i>Cacopsylla pyri</i>)	300mL/100L water
TOMATO (GREENHOUSE)	Whitefly (<i>Bemisia tabaci</i> , <i>Trialeurodes vaporariorum</i>)	200mL/100L water
EGGPLANT (GREENHOUSE)	Whitefly (<i>Bemisia tabaci</i> , <i>Trialeurodes vaporariorum</i>)	200mL/100L water
PEPPER (GREENHOUSE)	Whitefly (<i>Bemisia tabaci</i> , <i>Trialeurodes vaporariorum</i>)	200mL/100L water
CUCUMBER (GREENHOUSE)	Whitefly (<i>Bemisia tabaci</i> , <i>Trialeurodes vaporariorum</i>)	200mL/100L water
ORANGE	Mealybug (<i>Planococcus citri</i>)	200mL/100L water
ROSE	Rose aphid (<i>Macrosiphum rosae</i>)	200mL/100L water
